

Coop FAQ

- Coops are delivered FULLY assembled and ready for same day use.
- **CURBSIDE** delivery is *included in the price*.
"Curbside Delivery" means that your coop will be brought onto your property and unloaded in your driveway or yard (adjacent to your driveway)
- There is an additional \$200 charge if you want us to place it in a specific spot on your property.
- The 4x6 Coop weighs about 750 pounds and is available in pine board & batten siding (clear stain) or Duratemp wood siding (painted your color choice).
- The Mini Coop weighs about 450 pounds and is available in pine tongue and groove (stained) or Duratemp wood siding (painted your color choice).
- Wheels are available for \$99.95 a pair.
We'll install them when we build your coop.
- The bird capacity for each coop is *an estimate*.
Depending on your breed of chicken, you may be able to accommodate more (or fewer) birds.
- A metal roof is available for an extra \$50.
Available Colors: Red, Evergreen or Burnished Slate.
- Lead time is about 3-5 weeks.
- Coops can be picked up at our Atglen, PA facility.
Coops will fit into the back of a full-size pickup truck.
- We do not sell coop plans.
