

Coop FAQ

- Coops are delivered FULLY assembled and ready for same day use.
- **CURBSIDE** delivery is *included in the price*.
"Curbside Delivery" means that your coop will be brought onto your property and unloaded in your driveway or yard (adjacent to your driveway)
- There is an additional \$200 charge if you want us to place it in a specific spot on your property. If we are unable to place the coop where you want it, the \$200 Placement Fee is fully refundable.
- The 5x6 Coop weighs about 750 pounds.
- The Mini Coop weighs about 450 pounds.
- The bird capacity for each coop is *an estimate*.
Depending on your breed of chicken, you may be able to accommodate more (or fewer) birds.
- A metal roof is available for an extra charge.
Available Colors: Red, Evergreen or Burnished Slate.
The metal roof upgrade is NOT available with the coop kits
- We can easily switch the position of the "Man" door and the "Chicken" door. There is no extra charge to switch them to opposite ends of the coop.
- Lead time is about 3-5 weeks.
- Coops can be picked up at our Atglen, PA facility.
5x6 coop will fit into the back of a full-size pickup truck.
- We do not sell coop plans.
